

eDynamic Learning Virtual Internship Programs

Our Virtual Internship Programs can set your students on a career-ready path for a successful future. This yearlong program is designed to prepare students prior to stepping into the workplace, and gives them opportunities to test and try concepts in a risk-free simulated environment. And unlike a physical internship experience, your students will get to experience and manage all aspects of running a business, including staffing, operations, marketing, finance, sales, and much more. They'll get to uncover which areas they like most and wish to focus on in the real world, or major in at college.

Nine Virtual Internships to offer your Students

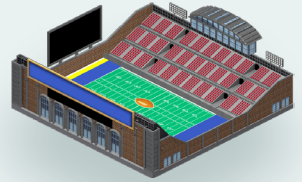

Access all nine with the Virtual Internship All-Access Program

Two Products, One Goal.

Knowledge Matters
Powered by eDynamic Learning
